Lindsay Chamberlain

Credentials and Experience

Lindsay Chamberlain, PMP, has over 20 years' experience in the information technology, retail, hospitality and higher education industries. She combines her practical knowledge of management, project leadership, adult learning and information technology to develop and present programs that meet a wide variety of training needs in today's business environment. Chamberlain provides consultation in enterprise project, portfolio and risk management acceptance and implementation, enterprise effectiveness assessment and project leadership mentoring and training. Her clients have included Microsoft, Cisco, Honeywell, Shell Oil, the City of Austin, the United States Department of the Interior and the United States General Services Administration. Chamberlain also served as the Vice Chair of Professional Development for the Project Management Institute (PMI) Program Management Office Special Interest Group (PMOSIG) where she directed and managed the professional development program for the PMI PMOSIG.

Chamberlain holds a bachelor's degree in English and a master's degree in library and information science from The University of Texas at Austin. She is certified as a Project Management Professional (PMP)[®] by PMI and is a member of the PMI Austin Chapter. She is also a certified Professional Scrum Master[™].
